

FAASafety Team Flight Instructor Open Forum

We will begin with "Mike Brubaker" (Charter, Corporate and Instructor pilot) leading a discussion about stalls: why we teach them, how we teach them, best practices and common errors. We will also have a Master Pilot Award winning guest speaker "Bill Machauer" (a retired Eastern Airline Captain and DC9, B757 check airman) talk about the go-around which improperly executed may lead to a stall. Do not expect a lecture. This is an interactive session and we want you to be a vital part of the discussion. Please register on-line as seating is limited !

Directions: FSDO Office, Suite 111 is located on the first floor of office building on the north side, look for FAA flag and ring office bell !

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!
